VILLA OSCAR

Carvoeiro

The contemporary design of this recently constructed villa is magnificent. The first impressions of the house are that of light, space and clean lines. The electric gates lead to a covered parking area for several cars. The open plan layout creates a feeling of spaciousness and light. The double aspect floor to ceiling windows flood the area with natural light and incorporate the outdoor living area inside. The fully fitted kitchen is modern and sleek in design with sensational natural wood dining table. This area also benefits from double aspect sliding doors to incorporate the outdoor kitchen comprising Kamado Joe BBQ, gas BBQ, rotisserie, frying table and fridge.
